### *From the Principal's Chair*

Without a doubt, this has been my most unusual school year ever! I don't think I have ever missed 15 days of school total in the 37 years that I have been teaching or as principal. So, missing the entire first semester of school was huge! I had the opportunity at graduation on Tuesday evening to thank Mrs. Kalaus and the Seton faculty and staff for their outstanding work and help during the time I was out of school this year. Every single person stepped up and helped out whenever asked and even before they were asked. I want to reiterate how blessed I am and the Seton community is to have such a dedicated group of people working with our middle school students.

**Report cards** are in today's yellow envelope. 8<sup>th</sup> graders will receive their report cards in the mail next week, unless they have a sibling at Seton now. Incoming 6<sup>th</sup> graders will also receive a letter about the reading requirements with a supply list and dress code in next week's mail.

Also enclosed in today's envelope, please find a letter about Seton **summer reading requirements**. Each letter is individually done, but you will be able to find a generic letter online over the summer. Your child's Lexile range score from MAP testing is in the letter and can be found on the MAP test score that was sent home two weeks ago. Please remember that not all books in your child's Lexile range are appropriate for your family's values.

We will see our returning families in August. Have fun; stay safe. May God bless all of you over the summer months and always.
